Apple Learning Coach Certification Recognition Mrs. Kristain Spain/ LSHS/ Teacher

"I would like to recognize Mrs. Kristain Spain, a Lexington Senior High teacher and multi-classroom teacher, who has completed and earned her certification from Apple as

"Apple Learning Coaches". The "Apple Learning Coach" program is a free professional learning program that trains instructional coaches, digital learning specialists, and other coaching educators to help teachers get more out of Apple technology.

Upon acceptance, participants complete a 4 month long self-paced course and attend two full days of virtual professional learning with Apple Education Specialists and fellow teachers from around the world. The course includes a dynamic mix of self-paced lessons, workshop sessions, and personal creative projects in which the participants develop their own coaching philosophy, develop their coaching skills as a digital learning coach, and submit a comprehensive coaching plan. This learning experience builds through the creation of a Coaching Portfolio, which candidates submit as their final assessment at the end of the

course.

Congratulations to Mrs Spain for earning this prestigious certification and for her continued support and commitment to Lexington City Schools!" - Dr. Anitra Wells
